Dear Participant:

The New York State Teamsters Council Health & Hospital Fund is pleased to introduce our newest benefits available to you through Excellus BlueCross BlueShield: **Quit For Life™ Tobacco Cessation, Health Coaching, Health Risk Assessment and Health Improvement Programs.** These are voluntary programs with no additional costs to you, your spouse or your eligible dependents. The only requirement is your time and commitment to invest in a healthier new you.

The Quit For Life™ tobacco cessation program is offered to support individuals over the age of 18 in their efforts to quit using tobacco and is free to all Excellus BlueCross BlueShield members. Participants in the program will receive:

- One-on-one phone sessions scheduled at the convenience of the participant.
- Unlimited toll-free telephone access to Quit Coaches seven days a week from 8:00 am to 3:00 pm Eastern Standard Time (EST).
- Medication recommendations, if appropriate.
- Free home delivery of nicotine replacement therapy (patch, gum, or lozenge).
- A "Quit Guide" designed to help participants stay on track between calls.

Call 1-800-442-8904 or visit www.excellusbcbs.com/national for more details.

The **Health Risk Assessment (HRA)** is a state-of-the-art risk appraisal on-line tool that evaluates your overall health and places a unique emphasis on health education and behavior change to help you live a healthier life. This is an online questionnaire that takes approximately 15 minutes to complete and is available for individuals over the age of 18. Upon completion the participant will receive a confidential Personal Wellness Report, which provides specific, actionable information to assist you in making lifestyle changes and recommends resources available. Drawing upon experts in the fields of medicine, epidemiology, health education, and behavior change, the HRA provides you with an effective tool for:

- Identifying current health risks
- Offering suggestions you can make to improve your lifestyle
- Delivering follow-up interventions for those at risk

The comprehensive easy-to-understand personalized Wellness Report provides all of the information you need to identify your health risks and follow through with appropriate health interventions and programs.

The Health Improvement Programs are comprehensive, web-based programs that can help you achieve your health objectives in a fun, interactive manner. Members have access to fully personalized programs, in addition to interactive tools and trackers.

Visit excellusbcbs.com/national and then select FOR YOUR HEALTH to access these programs.
